

No.	Discipline	Course	Group	Instructor/Group coordinator	Semester	Day	Time	Room	Place	First class	Other information
1.	every discipline	Innovative didactic methods	1st year	dr Jarosław Jendza (coordinator)	winter/summer	Friday	14.15 – 16.30	D1	Faculty of Chemistry	13.10.2023	next classes: 19.10 godz. 13:45-16:00 WNS s. A202; 10.11; 24.11; 08.12; 12.01;
2.	every discipline	Philosophy of science	1st year	dr hab. Artur Szutta, prof. UG	summer						
3.	every discipline	Academic Foreign Language	2nd year	mgr Irena Moszczyńska-Janicka	winter/summer	Tuesday	13:00-14:30	317	old Rector's office building ul.Bażyńskiego 1a	10.10.2023	
4.	every discipline	Commercialization of scientific research	2nd year	dr Karol Śledzik	summer						
5.	every discipline	Intellectual property protection	2nd year	dr hab. Maciej Barczewski, prof. UG/dr Małgorzata Węgrzak	summer						
6.	mathematics	Doctoral seminar workshop	all PhD students	supervisor							to be consulted with the supervisor
7.	biological sciences	Doctoral seminar workshop	all PhD students	supervisor							to be consulted with the supervisor
8.	chemical sciences	Doctoral seminar workshop	all PhD students	supervisor							to be consulted with the supervisor
9.	physical sciences	Doctoral seminar workshop	all PhD students	supervisor							to be consulted with the supervisor
10.	Earth and related environmental sciences	Doctoral seminar workshop	all PhD students	supervisor							to be consulted with the supervisor
11.	mathematics	Doctoral seminar	all PhD students	supervisor							to be consulted with the supervisor
12.	biological sciences	Doctoral seminar	1st year - molecular	dr hab. Stefan Tukaj, prof. UG	winter	Monday	12.00			09.10.2023	
13.	biological sciences	Doctoral seminar	1st year - environmental	prof. dr hab. Dariusz Jakubas/dr hab. Piotr Rutkowski, prof. UG	winter	Tuesday/Monday	10:15-11:45/11:45-13:15	C111/C310	Faculty of Biology/Department of Vertebrate Ecology and Zoology	10.10.2023	Monday classes refer to the second part of the semester
14.	biological sciences	Doctoral seminar	2nd year - molecular	prof. dr hab. Joanna Skórko-Glonek	winter/summer	Monday	09:00-11:00	A304	Faculty of Biology/Department of General and Medical Biochemistry, (wing A, 2nd floor)	16.10.2023	
15.	biological sciences	Doctoral seminar	2nd year - environmental	prof. dr hab. Martin Kukwa							
16.	biological sciences	Doctoral seminar	3rd year - molecular	dr hab. Marian Sęktas, prof. UG						02.10.2023	
17.	biological sciences	Doctoral seminar	3rd year - environmental	dr hab. Jacek Szewdo, prof. UG							
18.	biological sciences	Doctoral seminar	4th year - molecular	dr hab. Anna Aksmann, prof. UG	winter/summer	Monday	10:30-13:00	B207		09.10.2023	every other week
19.	biological sciences	Doctoral seminar	4th year - environmental	dr hab. Leszek Rolbiecki, prof. UG	winter/summer	Monday	11:00-12:30	531	Faculty of Biology/Department of Invertebrate Zoology and Parasitology	09.10.2023	
20.	chemical sciences	Doctoral seminar	all PhD students	supervisor							to be consulted with the supervisor
21.	physical sciences	Doctoral seminar									
22.	Earth and related environmental sciences	Doctoral seminar	all PhD students								
23.	every discipline	Presentation methods	1st year	prof. dr hab. Sylwia Rodziewicz-Motowidło	summer						
24.	mathematics	Academic writing	1st/2nd/3rd								
25.	biological sciences	Academic writing	1st year								
26.	chemical sciences	Academic writing	1st year	dr hab. Monika Paszkiewicz, prof. UG	winter	Thursday	12:00-13:30	F3	Faculty of Chemistry	23.11.2023	
27.	physical sciences	Academic writing	1st/2nd/3rd								
28.	Earth and related environmental sciences	Academic writing	1st year	prof. dr hab. Monika Normant-Saremba/dr hab. Konrad Ocalewicz, prof. UG							
29.	mathematics	Research workshop	1st year	dr hab. Andreas Zastrow, prof. UG	winter	Friday	12:00-14:00	A113	Faculty of Mathematics, Physics and Informatics	06.10.2023	on 20.10.23 classes between 13:00 and 15:00
30.	biological sciences	Research workshop	1st year - molecular	dr hab. Sabina Kędzierska-Mieszkowska, prof. UG	summer						
31.	biological sciences	Research workshop	1st year - environmental	prof. dr hab. Dariusz Jakubas/dr hab. Monika Badura, prof. UG	winter	Tuesday/Monday	12:00-13:30/13:30-15:00	C111/C310	Faculty of Biology/Department of Vertebrate Ecology and Zoology	10.10.2023	Monday classes refer to the second part of the semester
32.	chemical sciences	Research workshop	1st year	prof. dr hab. Mariusz Makowski	summer						
33.	physical sciences	Research workshop	1st year								
34.	Earth and related environmental sciences	Research workshop	1st year	dr hab. Adam Sokółowski, prof. UG; dr hab. Piotr Woźniak, prof. UG	summer						
35.	mathematics	Management of research projects									
36.	biological sciences	Management of research projects	1st year	prof. dr hab. Joanna Skórko-Glonek	winter	Monday	11:30-13:15	A304	Faculty of Biology/Department of General and Medical Biochemistry, (wing A, 2nd floor)	16.10.2023	first half of the semester
37.	chemical sciences	Management of research projects	1st/2nd	dr Izabela Matuch	winter	Thursday	9:00-12:00	F105	Faculty of Chemistry	12.10.2023	next classes: 19.10, 26.10, 09.11, 16.11
38.	physical sciences	Management of research projects									
39.	Earth and related environmental sciences	Management of research projects	1st year	prof. dr hab. Wojciech Tylmann	summer						
40.	every discipline	Data acquisition and management	1st year								

The division into molecular and environmental groups (biological sciences) can be found in a separate appendix

The schedule for Innovative didactic methods can be found in a separate appendix

Note: English-speaking students are assigned to IBDS classes in Innovative didactic methods
