

To the participants of the
Warsztat badawczy

=====

Apparently none of the participants of my Warsztat badawczy was already in the first two weeks on the campus. - If you have solved your visa and other problems, please try to contact me, preferably either here in my office after my classes

- on Wednesday, about 2pm, or
- on Friday, shortly after 10 am.

(maybe also during the office hours, that I have to fix by Oct. 14th).

If these dates should not be possible during your time-table,

you may also contact me by e-mail:

andreas.zastrow@ug.edu.pl

At the first meeting we can try to discuss the character of this class, and also try to find a day that suits all of us in our weekly schedule.

Andreas Zastrow
